# Making Education *Matter...*

## OUR LEGACY

NGF College of Engineering & Technology (NGFCET) is run under the aegis of the New Green Field Educational Society (NGFES) New Delhi, a pioneering collective of high thinkers, which has been serving the education sector for more than 6 decades. The society has been pursuing highest moral, ethical and cultural values, and excellence in every field through sheer hard work and dedication.

### What Sets us Apart

NGF College is an institution that endeavours to create successful future professionals and global citizens.

In India, the education system is still following the Macaulay pattern. Which is currently undergoing a lot of criticism from academia and education experts. This ambiguity, combined with quick technological turnarounds and frequent systemic adjustments, creates many doubts in the minds of the learners as to what they must study and what they must not.

NGFCET balances out these anomalies and MAKES EDUCATION MATTER for its students so that they can function effortlessly no matter where they indulge professionally and socially.

We prepare our students to not just be disciplined and obedient learners, but also become assertive leaders.

We don't just prepare our students for jobs, we also prepare them to lead and command successful enterprises.

## OUR PILLARS OF STRENGTH

New Green Field School, Saket, New Delhi

New Green Field School, Alakananda, New Delhi

New Green Field School, Malviya Nagar, New Delhi

## RADIO NGF

Radio NGF 90.4 FM (Dil Se Dil Tak) is a community radio station dedicated to community service. The content or programming of the radio station caters to the needs of the local communities living nearby or around the campus.

It is the very first and only radio station in Palwal that is creating awareness among the local people regarding their respective administrations, agriculture, health and entertainment. Our state-of-the-art infrastructure, supported by a Facebook Channel allows us to empower the local communities to stay informed and connected with each other.

## CENTRE OF EXCELLENCE (COE)

### WHAT IS COE?

In today's fast-paced and ever-changing world, there is a need for a platform where college students can enhance their skills and gain practical knowledge. This is where the idea of a "Centre of Excellence" comes in. A Centre for Excellence (COE) is a dedicated platform that provides project-based learning, live training, workshops, internships, and placements to college students.

### IMPORTANCE OF COE

A Centre of Excellence is a place where students can enhance their skills and gain practical knowledge in their respective fields. It is important for college students because it provides a platform to bridge the gap between theoretical knowledge and practical application. Students can learn by doing and get hands-on experience which is not possible in a classroom setting.

### Benefits of COE

- Smart board technical sessions
- Corporate based Training
- Certificate of Skill
- Placement Opportunity
- Certificate of Internship
- Project Completion Letter
- Internship and On job Training
- QR Code Certification
- Patent Ministry Certification

The First College In Haryana to have  
**CENTRE OF EXCELLENCE**

- Aptitude for corporate
- Personality Grooming
- Communication Skill Enhancement
- Motivational session videos
- Corporate Fun & Sports activity
- Profile and Technical Assessments
- Placement through HTD model
- Startup Incubation
